

Land Resilience Partnership at La Tercera Park

Emily Nodal, Ava Faithe Castro - Daily Acts

November 20, 2024

Daily Acts

Mission

Inspire transformative action that creates connected, equitable, and climate-resilient communities.

Values & Principles

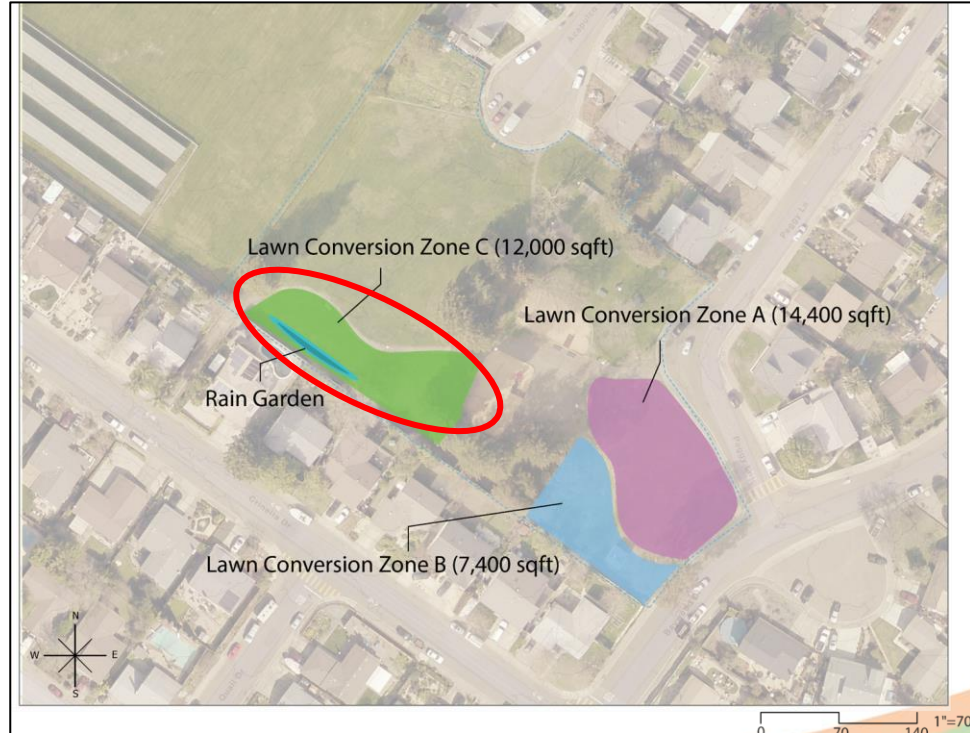

Ripples | *Be the Change*
Reverence | *Start with Your Heart*
Relations | *Nurture Community*
Resilience | *Persevere with Joy*

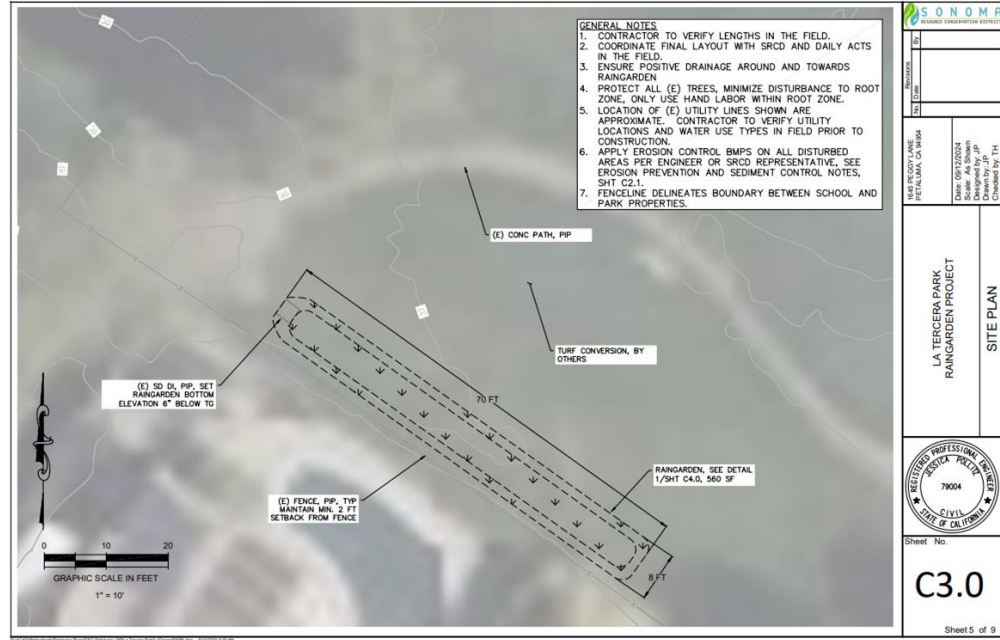

Land Resilience Partnership (LRP)

LT Park Zone Selection

Rain Garden Site Plan

Plant Palette: Flowering Perennials & Groundcovers

- Zone 1: Low Growing Perennials and Flowering Shrubs
 - Yarrow, Anise Hyssop, Milkweed, Hummingbird Sage, Cleveland Sage, Goldenrod, Aster, Sticky Monkey Flower, Coyote Mint, Yerba Buena
- Will enhance biodiversity, beauty, and habitat

CA Milkweed

CA Fuschia

Yarrow

Aster

Plant Palette: Shrubs & Larger Growth

- Flowering Shrubs, Trees, and Tall Feature Plants
 - Groundcover Ceanothus, Manzanita, CA Lilac, Toyon, Coffeeberry, Strawberry Trees

Manzanita

Toyon

Bush Anemone

White Sage

Plant Palette: Native Grasses

- Native Grasses
 - CA Fescue, CA Field Sedge, Berkeley Sedge, Deer Grass, Aster, Canyon Prince Wild Rye, CA Gray Rush

CA Fescue

CA Field Sedge

Deer Grass

Plant Palette: Rain Garden

- Water loving grasses and flowering perennials
 - Elderberry, Echinacea, Douglas Iris, Field Sedge, CA Gray Rush, Blue-Eyed Grass, Yellow-Eyed Grass,

Echinacea

Ca Gray Rush

Proposed Project Benefits

- Reduced Water Demand:
 - Existing Lawn: **416,321** Gallons/Year
 - Mulch with Native Plants and Drip Irrigation: **48,087** Gallons/Year
 - Water Saved: **368,234** Gallons/Year
- Reduced greenhouse gas emissions from less maintenance with machinery
- Increased soil health, carbon sequestration and pollinator habitat with trees, plants and mulch
- Reduced runoff and pollution to our waterways through earthworks

Maintenance Considerations

- Weeding
 - Prioritize as plants establish
- Mulch Application
 - Re-apply mulch every 2 years
- Plant Care
 - Allow leaf litter to stay on landscape as mulch
 - Winter Pruning
- Rain Gardens
 - Clear debris from overflow
- Irrigation
 - Turn off in winter

La Tercera Park Community Planting Day

Where: La Tercera Park, 94954

When: Saturday, December 7th from 10am - 3pm
